

MEDAL AWARD WINNER

HM The King (USA; Branded Spirits USA, San Francisco, CA). HM the King Scotch Whiskey is a beverage that is made in the highlands of Scotland. Only the freshest grains possible are used when making the whiskey. It is made in one of the largest distilleries in the area. There is a smooth flavor as the drink is on the palate. The whiskey has a golden color with hints of cloves and vanilla. These scents give way to a sweet drink when tasting. Notes of honey linger.
